

Empathy Map 2

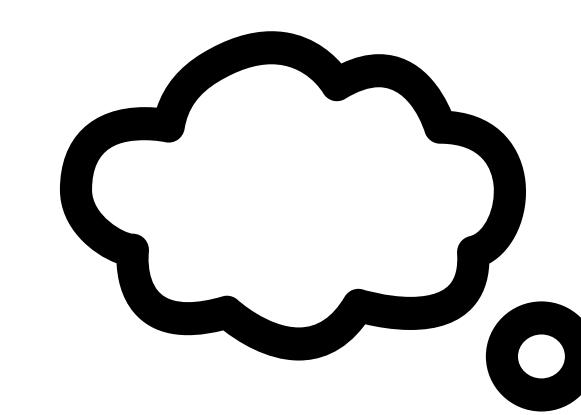

Catering is the business of providing food service at a remote site or a site such as a hotel, hospital, pub, aircraft, cruise ship, park, festival, filming location or film studio

A caterer will work with you to develop an innovative menu to match your event or celebration's theme, your food tastes, and importantly, your budget

Feels

catering services coordinate the preparation, creation, delivery, and presentation of food for clients

The caterers are hired to manage the food section of the event by people who are not capable of or do not have enough time to arrange everything by themselves
